

GREATER

EUROPE

MISSION

The ministry of PROCLAIM! has been begun by Greater Europe Mission to respond to the growing opportunities for evangelism in Eastern and Western Europe. Experienced evangelists train and recruit others in order to multiply the messengers of good news. This ministry will utilize a variety of innovative and creative means of communicating Christ, always emphasizing the public proclamation of the gospel for the growth of the Church in Europe.

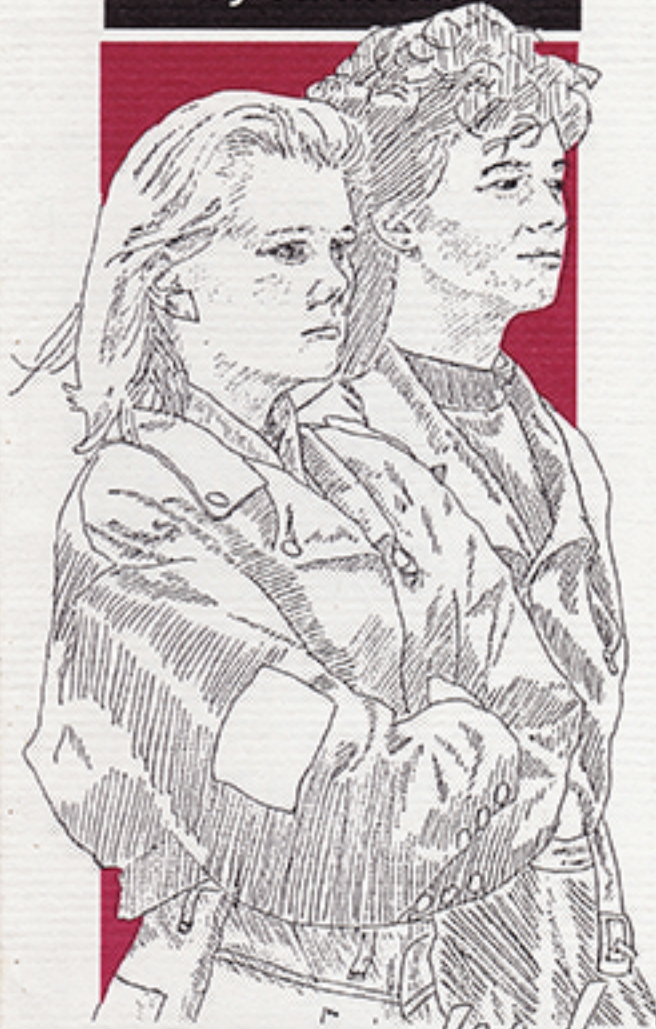

The opportunities for involvement are as rich and varied as God's gifts to His children. Talents and skills in music, drama, media, and technical areas, as well as ministries of help, administration and speaking will all be used to communicate God's love.

And how can they believe on the one of whom they have not heard?

Europe is changing. What the news tells us is only part of the story. The opportunities are real, the pace breathtaking. The West is uniting, the East is unraveling, and Europeans are struggling to cope with these changes. People are asking questions about life, truth, and hope, but what answer will they hear? Will it be the good news?

To minister in this environment, our witness must be empowered by the Spirit of God to speak to the hearts of men.

And how can they hear...

To capture people's attention takes vital communication with these commitments:

Excellence. Because men have embraced materialism and self-love, we must have excellence in declaring that the Love of Christ which controls us is of unsurpassed value and we gladly give Him our best.

Innovation. Because of the rejection of the 'church of tradition', we must have innovation to demonstrate the vital relevance of our faith and its application to daily living.

Urgency. Because the enemy is flooding Europe with counterfeit answers, we must act with urgency to deliver the truth of the Word of Hope while the door is open and hearts are still hungry.

The goal of PROCLAIM! is to activate and facilitate evangelists for Europe.

Its members have experience in evangelism in 22 European nations, and opportunities for ministry exist throughout Eastern and Western Europe.

Without someone proclaiming to them.
